

Affordable city

Offering a lower cost of living than Sydney, Melbourne, Perth and Canberra*

*studentcities.com.au

Liveable city

10th most liveable city in the world

Global Liveability Index, 2020

Sunshine capital

A subtropical climate, Brisbane delivers an average of 283 days of sunshine every year.

Brisbane

Located on the east coast of Australia, Brisbane is the capital of Queensland. Young and progressive, the city offers world-class education and affordable living. Home to more than 200 nationalities and 220 different languages, Brisbane is one of the most multicultural cities in Australia.

Entertainment

The city has a great live music and arts scene, including the Gallery of Modern Art (GOMA), one of the best modern art galleries in Australia. Brisbane is also known for its festivals, where writers, musicians and performers showcase their talent. Brisbane's climate is suited to outdoor sport with world-class facilities across the city.

Food

With just under a third of Brisbane's population born overseas, you will find many nations represented in restaurants and cafés, while markets and specialty grocery stores make it easy to find food from around the world. Brisbane hosts a huge number of multicultural events each year including the popular Regional Flavours food festival, Paniyiri Greek Festival, Night Noodle Markets, and BrisAsia Festival.

Getting around

One of the best views of Brisbane is from a CityCat – a ferry service that runs along the river from UQ's St Lucia campus to the city and the riverside suburb of Hamilton.

Brisbane also has an extensive bus and train network that makes it easy to get around.

Around Brisbane

When you want to get out of the city, there is plenty to discover. Go south for the famous golden sands of the Gold Coast and Byron Bay, north for the quiet beaches of the Sunshine Coast or the majestic Great Barrier Reef, west for ancient rainforests and charming outback towns or east for the spectacular Moreton Island, Stradbroke Island and Fraser Island. Sydney, Cairns and Melbourne are all short flights away.

Foundation Program

We offer a range of study options and pathways to help you achieve your goals.

The UQ Foundation Program is designed to enable international students to meet the minimum entry requirements for their preferred UQ undergraduate program.

Three options are available in the Foundation Program: Extended, Standard and Accelerated. The most suitable program for you will depend on your previous study and your English proficiency.

You need to achieve certain grades and a specified Grade Point Average in your Foundation Program to be eligible for entry to a UQ program*.

Students will be eligible for entry into university in the semester following graduation from the Foundation Program. Please note that entry into some undergraduate programs is only available in Semester One.

English Program

If you have not met the English language entry requirement for the Foundation Program, you may be eligible for a package that combines English language study with the Foundation Program.

Standard Program

In the Standard Program students choose study elective courses based on the entry requirements for their intended undergraduate program.

Extended Program

The Extended Program will benefit students who need to improve their academic English and maths skills prior to undertaking the Standard Program.

Accelerated Program

The Accelerated Program is for students with higher academic results and English language proficiency but who have not met undergraduate admission requirements.

^{*} Admission quotas apply in several programs.

Study English for Foundation entry

Prepare for Undergraduate study

PATHWAY ENGLISH CRICOS: 111788B

You can commence your pathway in an English language course.

Duration: 10-20 weeks depending on your current English language level and Foundation Program entry requirements.

If you want to apply for an English Language pathway package you can indicate this during the application process. EXTENDED PROGRAM 11 MONTHS

CRICOS: 110741C

Start of study:January or August

End of study:November or July

Contact hours: 20-25 hours per week

Duration: 37 Weeks (+2 exam weeks) STANDARD PROGRAM 8 MONTHS

CRICOS: 110742B

Start of study: February or October

End of study:November or July

Contact hours: 20-25 hours per week

Duration: 30 Weeks (+2 exam weeks) ACCELERATED PROGRAM 5 MONTHS

CRICOS: 110743A

Start of study: February or September

End of study:July or February

Contact hours: 20-25 hours per week

Duration: 18 Weeks (+1 exam week)

Start your UQ program

Course information

Students in the Foundation Program generally study two core courses and three elective courses. Elective courses are selected to meet the prerequisite requirements for your chosen undergraduate program.

Students in the Extended Program will study additional Academic English and maths courses prior to commencing the Standard Program.

A Humanities stream is also recommended for students who intend to study in the Faculty of Humanities, Arts and Social Sciences.

	Core Courses	Elective Courses
Academic English	General Mathematics OR Mathematical Methods	Choose 3 Elective Courses

Humanities Students

The following courses are recommended for students whose preferred undergraduate program is in the Faculty of Humanities, Arts and Social Sciences.

A maths course is not compulsory for these students. However, students intending to progress into Education or Dual degree programs at The University of Queensland must select Mathematics as an elective course.

Core courses

Academic English

Elective courses

- Humanities and Social Sciences
- Behavioural Science
- Research
- Business Management

Core Courses

Academic English

This core course focuses on developing the academic language skills required to successfully read, write, listen and speak in academic contexts. As well as developing fluency and accuracy in each skill, learners will be introduced to core academic skills including assignment writing, referencing, critical thinking, oral presentations, and research skills such as using databases and library facilities.

General Mathematics

This course provides the knowledge, skills and techniques required in an every-day life application of mathematics as appropriate to the skills needed when encountering mathematics in a non-mathematically based tertiary course. This course covers basic calculations, geometry and measurement trigonometry, matrices, financial growth and decay.

Mathematical Methods

This course develops understanding of the basic mathematical ideas of calculus and statistics and the manipulative skills required for solving mathematical problems. These skills are applied with technological tools to solve problems related to real-life situations. Topics covered include algebra, computation, sequences and series, logarithmic functions, geometry, trigonometry, differential and integral calculus, statistics and probability and the application of mathematics in society.

Elective Courses

Accounting

This aim of this course is to provide an introduction to accounting concepts and the role of accounting within business. Students learn basic accounting functions as well as how to use Excel to produce financial reports. This course also introduces financial analysis and budgeting.

Behavioural Science

This course provides a general introduction to the social sciences through examining human behaviour and the role that the individual plays in the wider community. The course will initially address the psychology of the individual, covering memory, social influence, learning and research. It will introduce sociology by exploring how the broader community responds to some of these issues, with a focus on interpersonal and intercultural communication. This course is recommended for students wishing to progress to programs within the Faculty of Humanities and Social Sciences.

Business Management

This course covers a broad range of management concepts and business operations that contribute to the success of businesses large and small. These include an understanding of business principles, planning (strategic and operational), marketing, organisational behaviour and human resource management. Throughout the course, theory is discussed in the context of business cases which can include domestic and global businesses. You will apply the theory learnt in class to plan your own business enterprise in a group.

Biology

This course encompasses origin, development, diversity, function and evolution of living systems and the consequences of intervention on those systems. This course also develops your knowledge, skills and experiences to engage in conceptual, laboratory and field work of a biological nature. Successful completion of the course prepares you to participate in scientific thinking and application of knowledge in undergraduate programs at UQ.

Chemistry

This course is an introduction to the study of materials and their properties and structure. It covers the basics of physical, inorganic and organic chemistry. You will study atomic theory, chemical bonding and intermolecular forces and will apply these concepts to understand gas behaviour, aqueous solutions, acids and bases, reaction rates, equilibrium and redox reactions. You will also be introduced to organic chemistry and examine characteristic chemical properties and reactions displayed by different classes of organic compounds. Completing the course will give you valuable skills required for scientific investigation and critical evaluation of questions. The practical work in this course will give you experience in laboratory techniques and analysis. This course is recommended for students wishing to progress into Science, Medicine, Health and Engineering programs.

Design

This course provides an introduction to the fundamental processes and methods of design as it applies to built environment, engineering, and business disciplines. The course examines topics such as critical thinking, the work of designers, problem solving, stakeholder engagement, generating design solutions, communicating solutions and reflective learning about self as designer.

Economics

This course is designed to provide students with an introduction to broad based economic issues. It focuses on how decision makers within the economy (e.g. consumers, firms, government departments) make choices to satisfy their wants given their limited resources. In this course you will develop your ability to make economic decisions based on analysis of economic information.

Health and Nutrition

This course introduces you to the influence of diet and exercise on health, fitness and well-being. You will develop and apply the knowledge and skills to understand the function of nutrients in the body, food trends and how the body responds to exercise. You will learn how to use diet and exercise to prevent diet and lifestyle related diseases, maintain a healthy body weight and how nutrition can be used to enhance exercise performance. You will develop skills in communicating your knowledge of the importance of healthy eating and exercise to the wider community.

Humanities and Social Sciences

This course provides an introduction to the fundamental concepts of the Humanities and Social Sciences. The course examines topics such as Global Strategies and Perspectives, and Creative Arts and History, to develop skills in critical and creative thinking, research and evaluation, argument mapping, problem solving and reflective learning. This course is recommended for students wishing to progress to programs within the Faculty of Humanities and Social Sciences.

Information Technology

This course introduces the fundamental concepts and techniques of Information Technology. The content develops an understanding of the applications of information systems in organisations and provides an insight to the workings of a computer, hardware and software, networking, security, database management, and system development and programming. Practical projects in spreadsheets, database management, and programming are critical components of the course to develop practical, professional and collaborative skills and knowledge. This course is recommended for students wishing to progress to programs related to Information Technology, Information Systems, Computer Science, or Data Science.

Physics

This course provides the theoretical and experimental basis to engage in classical and modern understandings of the universe. You will study force and motion, thermodynamics, electricity, gravitational and electromagnetic fields, waves, radioactivity and modern physics. Completing the course will give you valuable skills required for scientific investigation and critical evaluation of questions. The practical work in the course will give you experience in laboratory techniques and analysis. This course is recommended for students wishing to progress into Science and Engineering programs.

Research

This course provides the opportunity to research a topic of your own choosing. This will involvea structured, supervised and academically rigorous process. You will develop skills to apply concepts, terminology and principles of research to develop and complete a research project on an agreed topic within a chosen discipline.

Assessment

In addition to class contact hours students are expected to complete homework, assignments and assessment tasks. It is recommended that students should study for at least 20 hours per week in their own time.

Your teachers will monitor your academic progress throughout the Foundation Program and provide you with regular feedback and guidance. Students also have full access to the College's excellent learning support services.

Assessment items may include exams, individual and group assignments, research projects, laboratory practicals, and seminar presentations. Your final result in a course will be based on all assessment items. All courses are graded on the UQ 7-point scale:

Scale	Grade	% Range
7	High distinction	85-100%
6	Distinction	75-84%
5	Credit	65-74%
4	Pass / Competent	50-64%
3	Marginal Fail	47-49%
2	Fail	25-46%
1	Low fail	0-24%

Assessment for entry into undergraduate programs

English entry requirements

The English entry requirement for international students to the majority of undergraduate programs is a grade of 5 for Academic English. This will not apply to students whose prior qualifications already meet those needed for undergraduate entry, e.g. Evidence of English proficiency such as an IELTS score of 6.5 (with a minimum score of 6 for all sub bands).

Some UQ programs require a higher level of English language proficiency for entry (e.g. Law, Nursing/Midwifery, Pharmacy, Physiotherapy, Speech Pathology and others). Some programs may accept a grade of 7 in Academic English or you may be required to obtain an IELTS score above 6.5. Refer to the table of entry requirements on page 9.

UQ Minimum English Language Entry Requirement Equivalences

Academic English Grade of 5 (65%)

IELTS 6.5 overall, no band less than 6

Pearson Test of English (PTE) 64 with no band less than 60

TOEFL and other equivalencies accepted. For more information please refer to study.uq.edu.au

We offer a wide range of support services to help you at every step of your journey. From free English language support to social activities, our services are designed to help you succeed in the classroom and beyond.

We understand that adjusting to a new culture and environment is exciting, but it can also be challenging at times. Connecting with other students is a great way to practise your English, make new friends, find your way around campus, and become familiar with the Australian environment.

Orientation

There is an orientation program for all new students prior to each intake. Students are provided with important information about their courses and details of the services available to assist their transition to tertiary study.

uqcollege.uq.edu.au/student-life/ orientation

Learning advice

Our Learning Advisers are here to help you with the skills you need to succeed in your studies at UQ College. Areas of support include English language, academic writing skills, and practical help with planning and organisation. Through group workshops, free one-toone consultations, and supported self-study in our dedicated UQ College Learning Centre, we offer practical help in a safe and friendly environment. More information on how to book, and a comprehensive guide to what we can help you with can be found on our web page.

uqcollege.uq.edu.au/student-support/learning-advice

Interact online

Interact with other students through our online communities. We have opportunities for you to socialise, access support, discover Brisbane and develop English through apps and web-based programs.

There are six libraries on campus. They feature computers for students, 24-hour study spaces, quiet areas, and friendly staff to help you find what you need. Workshops and online learning guides can enhance your studies, develop your assignment strategies, and help you prepare for exams.

library.uq.edu.au

Personal support

Students have access to all UQ counselling and crisis support services. This includes wellbeing workshops on a range of topics, such as relationships and mindfulness, as well as on-line resources on personal wellbeing topics such as managing stress and moods. There is a 24-hour, 7 day a week telephone crisis support provided by qualified professionals.

my.uq.edu.au/information-and-services/ student-support/health-and-wellbeing/ crisis-support

Activities and workshops

Studying at an international university is about more than just classes. It is about discovering a new culture, meeting new people, establishing an international network and having fun.

We organise a range of free and low-cost activities and workshops so you can enjoy our campus during the week and explore Brisbane through day trips on the weekend.

Under 18 International Student Supervision Program

UQ offers a Supervision Program that approves the accommodation, support and general welfare of international students under 18 years of age. If you are under 18 and are not living with a parent or approved legal guardian, you must maintain suitable accommodation as part of your visa requirements. We will help you make appropriate arrangements with UQ-approved accommodation providers. This program is compulsory for international students who:

- are under 18 years of age when they enter Australia and commence their program at UQ
- are not living with a parent, or legal custodian
- need approved accommodation and welfare arrangements to meet visa requirements.

Adjusting to university life

The International Student Supervision Program provides you with additional support, guidance, and activities to help you transition to study and life in Australia. We recognise that living away from family, friends and your usual supports can take some time to adjust to, so we have developed a comprehensive program for you.

The program includes:

- orientation sessions
- study workshops and social activities
- regular face-to-face check-ins with the supervision team
- extra support to help you to settle in at UQ and UQ College
- ongoing monitoring and assistance with your studies
- regular inspections of your accommodation to ensure that it is meeting your needs.

Safety and security

You will receive the Supervision Program mobile number for support during business hours and meet regularly with your Supervision Program Coordinator.

Program fees

The Supervision Program fees include:

- a non-refundable \$150 registration fee, and
- \$60 per week you are in Australia until you turn 18

How to register

Before you register for the Supervision Program, you must have a conditional offer to study at UQ. For more details about the Under 18 Supervision Program, including how to apply, visit:

study.uq.edu.au/university-life/ getting-prepared-to-come-to-australia/ u18-international-student-supervisionprogram

Life at UQ

UQ has a welcoming community of 55,000 students from more than 135 countries.

UQ has services, events and activities to help you settle in, make new friends, expand your skills and network, and enjoy student life.

Student communities, clubs and societies

Do you want to expand your social network or pursue a new hobby? Join one of our 220+ clubs and societies. From anime to yoga, medievalism to table tennis, and hockey to dancing, you are certain to find like-minded people.

uqu.com.au/connecting-u/clubs-societies

Discover UQLife

Discover your UQLife with events, experiences and programs throughout the year. Enjoy O-Week, BLOOM Festival, K-Pop, Theatre Festival and much more.

life.uq.edu.au

Fitness

You can access UQ Sport's venues all year with discounted prices – these include a gym; an Olympic-standard track and field facility; swimming pools; tennis, squash and netball courts; hockey and soccer fields; and cricket nets.

uqsport.com.au

Healthcare

If you need to see a doctor, visit the friendly team at the UQ Health Clinic. There is also a pharmacy and a dental clinic on campus.

uqhealthcare.org.au

Spiritual practice

Our Multi-Faith Chaplaincy caters to all religions. The venue also offers yoga and meditation classes, and it hosts community celebrations. It is a great place to meet people from different cultures and faiths.

my.uq.edu.au/information-and-services/ student-support/religion

Banks and post offices

ATMs are available on campus. There is also a post office on campus.

Safety on campus

Our campus is a safe place for students and staff. The St Lucia campus offers 24-hour security and a safety escort service if you would like someone to accompany you to public transport or your car, and a Safety Bus that runs from 6pm onwards around the campus.

Download the free UQ SafeZone app, which connects students directly with security officers or emergency services.

campuses.uq.edu.au/informationand-services/security/campus-safety

Cafes and eateries

The campus has many cafe and food options. From great coffee and bakery food, to healthy sandwiches and wraps, pizza, noodles, bubble tea, and juice bars.

campuses.uq.edu.au/informationand-services/shops/food-retail/ on-campus-shops-services

UQ Student Advisers

A dedicated UQ Student Adviser is available to meet with students confidentially and provide individualised support. This may involve guidance in transitioning to life in Brisbane, linking to services on campus or within the community or during a time of crisis. Student Advisers provide assistance to students living with a disability, mental health or medical condition (temporary or on-going) or facing challenging circumstances. Student Advisers discuss with students how their condition impacts their studies and possible support options. This may include a Student Access Plan (SAP) which is an important support tool both at UQ College and UQ. Appointments can be made directly with the Student

Find a job

UQ offers an exclusive online job board for its students and graduates featuring vacation work, volunteer work, internships, and graduate employment opportunities from over 3,000 employers. The Global Grad careers search portal is just for international students with Australian and international companies posting work opportunities regularly.

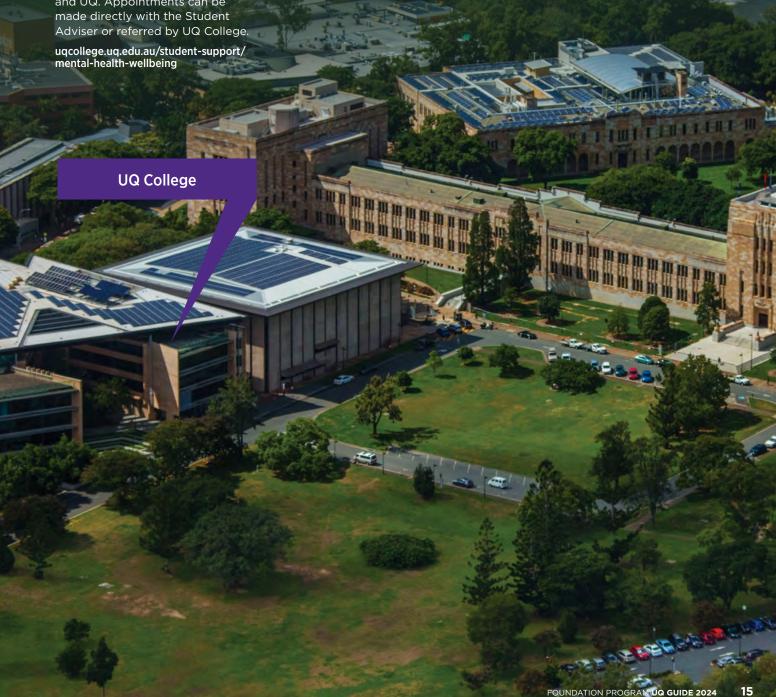

studenthub.uq.edu.au (login required)

globalgrad.uq.edu.au

Students studying on a Student Visa can:

- work up to 40 hours per fortnight (two week period) when their program is in session
- work full-time hours when their program is not in session

homeaffairs.gov.au

Where to live

Whether you would like to live on-campus or off-campus, there are a number of options you can explore to find accommodation to suit your needs.

Off-campus student accommodation

Do you want to cook your own meals but still live in a student community? Brisbane offers a range of temporary or long-term options, ranging from studio to share apartments.

UQ has carefully selected approved providers located close to the UQ campus and Brisbane city. You can pre-book a room before you arrive.

my.uq.edu.au/student-support/ accommodation/off-campus-livings

UQ Res Homes — St Lucia and Gatton

UQ Res Homes are for eligible students and families seeking accommodation on and around St Lucia and Gatton campuses. Rooms are available in 3, 4 or 5-bedroom houses. Properties are limited and priority access is given to students in need, including those who have recently arrived from overseas.

uqres.com

On-campus colleges

Do you want a traditional, immersive university experience? You can live in one of our 10 colleges at UQ St Lucia. You can walk to class, enjoy services like academic support and social and sporting activities, and your meals are provided. Apply before you arrive to secure a room.

my.uq.edu.au/student-support/accommodation/uq-residential-colleges

Private housing

Brisbane's rental market features everything from low-cost share houses to high-rise apartments. To find a room, apartment or house, first check our UQ Rentals database.

There are also private rental accommodation websites and you can rent directly from real estate agents. It is important to inspect the room and meet all the people you will be sharing with before paying money or signing anything.

rental.uq.edu.au/Accommodation

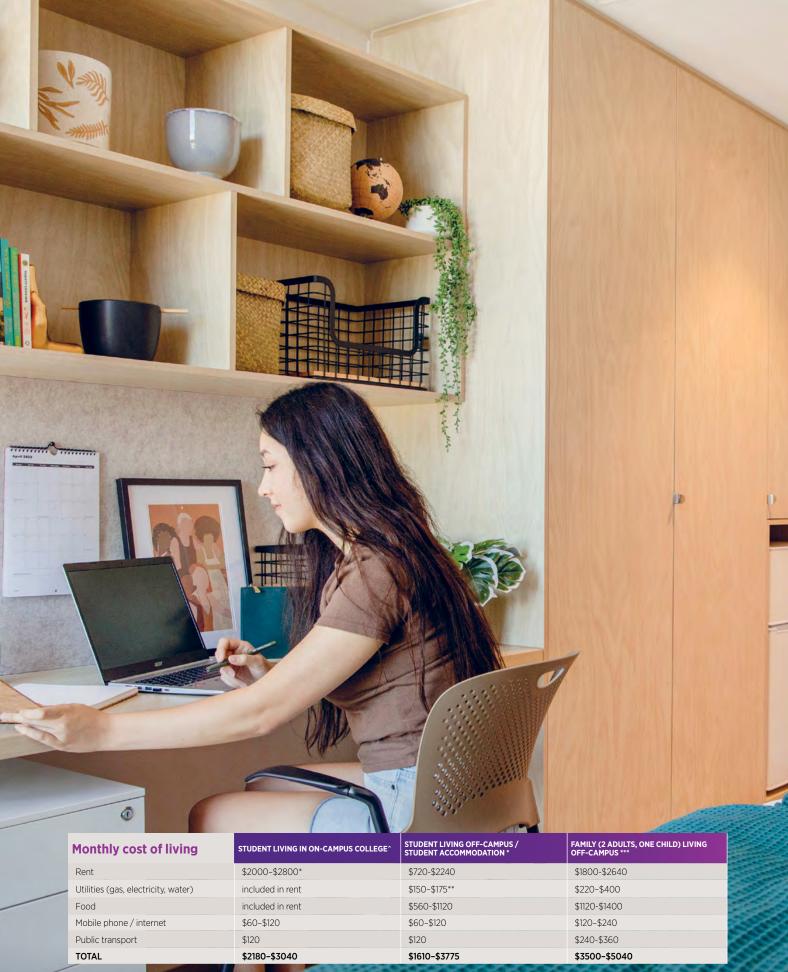

Under 18s

Under 18 students who are not living with a parent or approved legal guardian, must apply to live in UQ approved accommodation.

Airport pick-up

Make your arrival stress-free. Book our airport arrival service, and we will meet you at the airport and take you directly to your pre- arranged accommodation.

my.uq.edu.au/information-and-services/ student-support/accommodation/ airport-pickups

- Catered meals a<mark>re included at UQ Residential coll</mark>eges. UQ RES (Kev Carmody House and Walcott Street) does not include catered meals.
- On-campus and off-campus accommodation costs are usually lower in Gatton. The monthly cost for a standard resident room in the Halls of Residence in Gatton is approximately \$1190.

 Many student accommodation providers include electricity, gas and internet costs in rent; however, check with your provider to be sure.
- These costs are based on the assumption that the dependent child is not of school age and does not factor in child care costs. For more information on fees for school aged dependants visit: eqi.com.au/study-options/fees

This table should be taken as a guide only. For the most accurate costs of living, visit: study.uq.edu.au/university-life/living-in-brisbane/cost-living

2025 Undergraduate entry requirements

DEGREE	ENTRANCE REQUIREMENT FROM FOUNDATION PROGRAM	MAJORS
BUSINESS, ECONOMICS AND LAW		
	CDA 4.0	Dusiness Francisco Dusiness Information Customer Human
Bachelor of Business Management	GPA 4.0	Business Economics; Business Information Systems; Human Resources; Innovation and Entrepreneurship; International Business; Leadership and Management Science; Marketing

NOTES ON UNDERGRADUATE ENTRY REQUIREMENTS

All courses are graded from 1-7, with 7 being the highest. GPA refers to the Grade Point An courses are graded from 1-y, with 7 denig the ingliest. GPA refers to the Grade Point Average of all five courses: Academic English, General Mathematics or Mathematical Methods plus three elective courses. Some undergraduate programs do not require mathematics. Refer to study.uq.edu.au for details. A passing grade in all courses and a minimum grade of 5 Academic English (or equivalent) is the minimum entry requirement for entry to UQ. For additional requirements, refer to individual degrees. Entrance to dual for entry to U.G. For additional requirements, refer to individual degrees. Entrance to Quadegrees must meet the requirements of both individual degrees. There are limited places in Bachelor of Occupational Therapy, Physiotherapy, Midwifery, Speech Pathology and Veterinary Science. Academic English proficiency requirements for the Foundation Program may be higher for students seeking entry to these programs.

Programs that commence in Semester 1 only.

- $^{\ast}~$ A grade of 7 in Academic English satisfies the Higher English language proficiency

* A grade of 7 in Academic English satisfies the Higher English language proficiency requirements for these programs.

• Students undertaking these programs must obtain the higher English Language proficiency as per UQ's requirements.

Students undertaking this program must complete a situational judgement test: please refer to study.uq.edu.au

If the higher English proficiency requirement is not met prior to enrolment or if a finalised Academic English grade of 7 is not achieved, an accepted English language test that meets the UQ program's requirements will need to be taken and the required score achieved to meet UQ program admission requirements. Please see the English Language Proficiency requirements on the UQ program is on the UQ program admission requirements. requirements on the UQ Future Students Website, study.uq.edu.au/admissions/english-language-requirements. Entry requirements are subject to change. For up to date information on UQ program offerings please refer to study.uq.edu.au

Other fees		
Health insurance fees (see below)	\$642 for 12 months	

Health insurance fees

If you are coming to Australia on a Student Visa you need to purchase and maintain Overseas Student Health Cover (OSHC). OSHC is insurance that helps cover the cost of basic medical care you may need in Australia.

We can organise Overseas Student Health Cover (OSHC) for the full length of your Foundation Program and your undergraduate degree at UQ. If you arrange your OSHC through UQ College, we will organise cover with our preferred provider, Allianz Global Assistance.

When you accept your offer for the Foundation Program, you will need to pay an OSHC fee. You will then receive your policy number and details in your Confirmation of Enrolment (CoE).

For full details of what is covered visit: allianzcare.com.au/en/student-visa-oshc.html

Alternatively you can also organise your own OSHC through any other government-approved provider. When you accept your Foundation Program offer, you will need to provide evidence of your OSHC before we can send you a CoE.

English language course fees (AUD)

Pathway English

How to apply Applying to study the UQ Foundation Program is easy. With applications open all year round, you can complete your application in four easy steps:

Apply

To apply online visit uqcollege.uq.edu.au/apply

UQ College will share your application details with The University of Queensland for the purpose of issuing a conditional offer into an undergraduate program. UQ College will send the package offer.

Step 2

Accept and pay

Receive your Foundation Program Letter of Offer. Accept and pay the first instalment fees through the UQ College Student Portal.

Detailed instructions on how to pay are included in your Letter of Offer.

Your UQ Package Offer

Your package offer will include:

- an English Language Pathway course (if required); and
- a Foundation Program; and
- a conditional offer into your UQ undergraduate Program, (issued separately).

study.uq.edu.au

Applying through an authorised agent

UQ has agents in over 70 countries who can assist you and help with your enrolment and visa application.

study.uq.edu.au/contact/find-approved-uq-agent-near-you

Step 3

Receive your Confirmation of Enrolment

You will also receive an electronic Confirmation of Enrolment (e-CoE) if you are applying for a Student Visa.

Step 4

Organise your visa and start packing!

Apply for your visa as early as possible. For more information about the right visa and to find your closest Australian Visa Office, visit homeaffairs.gov.au

If you booked airport reception we will send you more information before you arrive.

Application deadline

The deadline to apply for and be accepted into the Foundation Program is six weeks before the program start date. We cannot guarantee places after this date and will accept students on a case-by-case basis.

ESOS compliance

The provision of education services to international students by Australian education institutions is governed by the Education Services for Overseas Students (ESOS) Act 2000 and the National Code of Practice for Providers of Education and Training to Overseas Students 2018.

The ESOS Act and related legislation is designed to protect the interests of students coming to Australia on student visas. The legislation aims to protect and enhance Australia's reputation for quality education, to provide tuition protection and support the integrity of the Student Visa Program.

The University of Queensland, in providing education services to overseas students, complies with the National Code of Practice of the Department of Education and Training and the Universities Australia code of ethical practice.
