

# UQ Undergraduate Program Entry Requirements

## What do you want to study at UQ?

You can use the table below to find the GPA you need to achieve, the required English results, and the specific courses you must pass to progress into your chosen UQ degree.

All courses are graded on a scale from 1 to 7, with 7 being the highest. Your GPA (Grade Point Average) is calculated across five subjects: Academic English, General Mathematics or Mathematical Methods, and three elective courses.

Note that some undergraduate programs do not require mathematics.

Refer to [study.uq.edu.au](http://study.uq.edu.au) for details.

A passing grade in all courses is the minimum entry requirement for entry to UQ. For additional requirements, refer to individual degrees below.

<sup>^</sup> Students undertaking this program must complete a situational judgement test: please refer to [study.uq.edu.au](http://study.uq.edu.au)

\* This program is a vertical dual degree and cannot be packaged with the Accelerated Foundation Program.

<sup>†</sup> For entry to this program, you must submit your ELP result by 30 September in your Foundation year.
