# Welcome to UQ College

UQ College is your pathway provider to The University of Queensland.

## Why choose UQ College

The programs at UQ College are designed to help you progress to and succeed at UQ. You'll be taught by highly skilled teachers, many of whom teach at the university.

During your pathway program, you'll be given a solid academic foundation on which to build your further study.

The skills you learn at UQ College will benefit you in your ongoing studies at university.

## Learning Support

Our Learning Advisers can support you with your studies. From dedicated workshops to free one-on-one tutoring sessions, we offer practical help in a friendly environment.

# Find Your Pathway to UQ

At UQ College, we are committed to delivering high quality pathway programs to help you achieve your goal of studying at The University of Queensland.

Whether you need to achieve an ATAR, complete a subject prerequisite, or both, UQ College can help.

# Tertiary Preparation Program

Achieve a selection rank that meets the minimum requirements of UQ while completing subject prerequisites.

The Tertiary Preparation Program (TPP) is delivered full-time over 30 weeks on-campus at UQ St Lucia. You attend classes between 20 to 24 hours a week, with class sizes of up to 25 students.

The TPP is a government-funded program, making it free of charge for you.

Start Date	16 Feb 2026	7 Sep 2026	15 Feb 2027
Applications close	9 Jan 2026	6 July 2026	8 Jan 2027
Commence at UQ	Sem 1 2027	Sem 2 2027	Sem 1 2028

Final dates may be subject to change. Please check the website for the latest information.

## Program

In the TPP, you'll enrol in four or five courses, namely Academic English plus three or four elective courses. It is important to check the UQ undergraduate program prerequisites when you choose your courses so that you meet the UQ entry requirements. You can also get advice from an Academic Manager when selecting elective courses prior to starting the program.

## How to get your selection rank

If you study 5 courses, you may be able to attain a selection rank up to 93 to enter UQ. Students completing 4 courses may achieve a selection rank up to 86. Visit the UQ College website to see the full table.

Core Course	Academic English				
Faculty	Faculty of Humanities, Arts and Social Sciences	Faculty of Business Economics and Law	Faculty of Engineering Architecture and IT	Faculty of Science	Faculty of Health, Medicine and Behavioural Sciences
<b>Elective Courses</b> Choose 3 or 4 electives based on undergraduate prerequisite requirements.	<ul style="list-style-type: none"> <li>Behavioural Science</li> <li>Business Management</li> <li>Humanities and Social Sciences</li> <li>Research</li> <li>General Mathematics*</li> <li>Mathematical Methods*</li> </ul>	<ul style="list-style-type: none"> <li>Accounting</li> <li>Business Management</li> <li>Economics</li> <li>Research</li> <li>General Mathematics*</li> <li>Mathematical Methods*</li> </ul>	<ul style="list-style-type: none"> <li>Chemistry*</li> <li>Design</li> <li>Information Technology</li> <li>Physics*</li> <li>General Mathematics*</li> <li>Mathematical Methods*</li> </ul>	<ul style="list-style-type: none"> <li>Biology*</li> <li>Chemistry*</li> <li>Physics*</li> <li>Research</li> <li>General Mathematics*</li> <li>Mathematical Methods*</li> </ul>	<ul style="list-style-type: none"> <li>Behavioural Science</li> <li>Biology*</li> <li>Chemistry*</li> <li>Health and Nutrition</li> <li>Research</li> <li>General Mathematics*</li> <li>Mathematical Methods*</li> </ul>
Apply to UQ through QTAC					
Start at The University of Queensland					

Note you can only choose one Mathematics course.

\* These courses may be prerequisites for an undergraduate degree at The University of Queensland

I feel very confident going into university now.

UQ College helped me build the foundation I needed, not just academically, but personally too. It was life changing and I really enjoyed studying there.

I would 100 per cent recommend the TPP – it's one of the best things I've done.

Shieda Ballangarry - Goreng Goreng and Gumbaynggirr woman  
 Tertiary Preparation Program student (Intake 2, 2024)

# Bridging Courses

Complete subject prerequisites for entry to UQ. Bursaries may be available. Check the website for information on eligibility and conditions.

## Face to Face

### Biology, Chemistry, Mathematical Methods or Physics

This is a full-time intensive four-week course. This option is ideal if you have just finished high school and need to fulfil a subject prerequisite before applying to UQ next semester. You can choose either Biology, Chemistry, Mathematical Methods or Physics.

Taught at our St Lucia campus, you can get a head start on university life by studying at UQ College.

Date	November – December 2026
Time to complete	4 weeks
Class Time	Monday to Friday, 9am to 5pm
Applications close	November 2026
Cost	\$1,545 per course

Apply direct via  
[uqcollege.uq.edu.au/study-options/bridging-program](https://uqcollege.uq.edu.au/study-options/bridging-program)

## Online

### General Mathematics or Pure Mathematics (Mathematical Methods)

Delivered online, these self-paced courses allow you to complete a maths prerequisite from your own home. You'll have access to weekly online check-ins and learning support from our highly qualified teachers at UQ College.

While the pace of the learning is up to you, by investing 3-5 hours of study every week, you can complete the Pure Mathematics course in approximately 30 weeks, and the General Mathematics course in approximately 20 weeks.

The actual time required to complete this course is limited by exam timeslots. Please check the website for additional information on completion times.

Commencement	2nd and 4th Monday of each month
Time to complete	Up to 12 months from commencement date
Cost	General Mathematics - \$680 Pure Mathematics (Mathematical Methods) - \$1,020
General Mathematics Units	NAT11240012 - Apply general mathematics in real world contexts NAT11240013 - Apply statistical & algebraic theory in real world contexts
Pure Mathematics Units	NAT11240021 - Solve pure mathematics problems involving trigonometry & algebra NAT11240022 - Solve pure mathematics problems involving statistics & functions NAT11240023 - Solve pure mathematics problems involving calculus
